## California Woman Selected As New KCC President

Dr. Dorothy N. Franke, of Victorville, California, has been named the new president of Kirtland Community College.

Dr. Franke, who is currently working as the vice president of Instructional Services at Victor Valley College, will be taking over her presidential responsibilities at Kirtland about August 15.

The Kirtland Community College Board of Trustees selected Dr. Franke from three other finalists for the position of Monday, June 25, pending verification of her references. Chairman of the board Robert Bovee said he called her on Tuesday, June 26, and offered her the position and said she accepted.

"Now all we have to do is fine tune the terms of her contract," he said.

Dr. Franke received her Ph.D. in Educational Policy Studies from Vanderbilt University. She did her graduate work at Iowa

State Univ., receiving her masters in zoology from the University of Iowa, and her Bachelor of Science degree in biology from Northern Ill. University.

Administrative experience includes working as the Dean of Instruction from 1983-86 at West Hill Community College, at Coalinga, California; Dean of Academic Services from 1980-83 at Asnuntuck Community College, Enfield, Connecticut; Director of Special Projects and grants from 1977-79 at the University of Tennessee; and Associate Dean of Arts from 1975-77 at Des Moines Area Community College. She was an instructor at Lansing Community College from 1965-67.

Dr. Franke is 55 year old and enjoys the out-of-doors. She is married and has four grown children. Her husband, Robert, has been working as the provost at Central Michigan University for about a year.

## Lovells Heritage Days Celebrate 1800's Birth Of Their Town

The tiny community of Lovells was settled in the late 1800's and residents there say its time to celebrate the beginning of that special community.

The Lovells Heritage Days Committee, who has been meeting regularly for more than a year, has planned a week-end of events August 4-5 this summer.

The activities will begin with a parade at noon, Saturday, August 4. Games for children and adults, including bingo and baseball, will take place at the town hall from 1-5 p.m. There will be a demonstration and sales of hand crafts throughout the day. Children can enjoy pony rides and musical entertainment is scheduled for most of the afternoon.

The Lovells Home Extension group will serve a chicken dinner from 4:30-7:30 p.m. at the town hall. From 7-10 p.m., the Swinging L's, a local square dance group, will host organized dancing in the pavilion on town hall grounds. Square and round dances will be called alternately with a disc jockey spinning popular music every other half hour. Saturday will end with fireworks at dark — about 10 p.m.

Weekend events wrap up with a Sunday morning breakfast put on by the Carvers Group from 8-11 a.m. and special services at the Lovells Community Chapel at 11 a.m.

All activities will take place at the Lovells Township Hall (also known as town hall) and grounds located at Old 612 and 97-North (Twin Bridge Road).

Items for sale to commemorate the Lovells Heritage Days

include T-shirts, hats, license plates, and a special "MEMORIES" book put together by the Cheerful Givers group that will include some history and many recollections of bygone days.

All proceeds from Lovells Heritage Days will go toward establishing a permanent archives for Lovells Township.

The Lovells Heritage Days Committee includes representatives from the Lovells Hook and Trigger Club, the Cheerful Givers, the AuSable North Branch Association, the Carvers Group, Warblers Hideaway Association, the Lovells Home Extension, Lovells 4-H, The Lovells Businessmen, Volunteer Firemen, K.P. Lake Association, the Swinging L's, the Lovells Township Board, the Lovells Chapel Guild, and many volunteers from the community.

### 110 Donate Blood Before Fourth Holiday

On Wednesday, June 27, the Crawford County American Red Cross Blood Services held their summer blood drive at the American Legion Hall. One hundred and ten donors responded, to help assure enough blood for the July 4 holiday week.

Gallon pins were awarded to Charles Fick, 15 gallon; Louis J. Baker, eight gallon; Vern C. Fox and Lawrence Sell, five gallon; Gerald E. Annis and Arthur Thayer, three gallon; Bruce Patrick and Lisa Anglebrant, one gallon.

The top donor groups were Camp Grayling, M.A.T.E.S., Retirees, and Weyerhaeuser.

The next blood drive in Crawford County will be September 5.

## County Inmates Clean Up City

Inmates participating in the Crawford County Jail Work Program have been sprucing up parts of the city in preparation for July's Milltown Festival.

Six inmates began cutting the grass along the river and alongside the newly paved alley behind downtown Michigan Avenue on June 13. They have raked and done general clean-up which entailed pulling what has been estimated as 30 to 40 years of accumulated junk out of alleys between several downtown businesses.

Grayling city manager Jerry Morford and city workers have cooperated with the project by supplying a front-end loader and dump truck to haul away the refuse. Larry McNamara and Bud Hunter have donated money for soft drinks for the inmate crew.

"After the 4th of July, the crew will continue this community service project by cleaning the remaining alleys and other areas of the city," said the Sheriff.

Besides working in the downtown area, Crawford County inmates are also working at the Grayling Fish Hatchery.

The hatchery's environmental clean-up project, which for several years has worked in conjunction with the Crawford County Inmate Work Program to collect trash from the AuSable River and alongside the county roads, will not be taking place this summer because of the lack of a sponsor from the business community. In the past, Weyerhaeuser Structurwood and the Georgia-Pacific Beaver Creek Resin Plant have sponsored the Environmental Clean-up Project.

Sheriff Hatfield said if someone from the county with a pick-up truck would volunteer their time to work as a supervisor for an inmate crew, he would still like to see inmates clean the county's main roads. He said this could begin later in the summer, or in September.

### National Guard Hosts Open House July 14th

On Saturday, July 14, an Open House will be held on Camp Grayling's air-to-ground firing range in southern Osego County. The public is invited to watch demonstration flights, displays of aircraft, and to witness combat missions by fighter aircraft.

Air National Guard units from New Jersey, Wisconsin, Ohio, and Michigan will bring several types of airplanes and helicopters to the show. The A-7 Corsair, OA-37 Dragonfly, F-4 Phantom, A-10 Thunderbolt, HH-3 Jolly Green Giant, AH-1 Cobra, and C-130 Hercules transport are scheduled to demonstrate their flight characteristics, and bombing runs, together with helicopter rescue. The planes will drop plastic bombs and fire missiles.

The Army National Guard from Camp Grayling will help with ground displays and support services. Recruiting teams of both services will provide posters, handouts, and information. Refreshments will be available through the Gaylord Kiwanis Club.

# Murphy Wins National Guard Association 1990 Media Award

The National Guard Association of Michigan awarded its 1990 Media Award to Grayling poet/columnist, Joseph Murphy.

Murphy was selected for the award "for excellence in military reporting" for his articles written for the Crawford County Avalanche, both in his weekly column and his poetry.

"His understanding and appreciation of the Michigan National Guard began during his working career at MATES and continues today," said MAJ Jerold Foehl, Public Affairs Officer for Camp Grayling, who submitted Murphy's name for consideration.

Foehl explained the award is traditionally presented to civilian news media or individuals who support and provide a service to the military establishment through timely and accurate reporting of news about the Michigan National Guard. Murphy is the second individual to receive the award since the guard association began presenting it seven years ago. Don Geiss was the first. The Crawford County Avalanche won the award in 1987-88.

Murphy said he feels the guard has been good to him and his writing is a way of "giving something back."

**AWARD WINNING EFFORT**—Joseph Murphy is shown accepting congratulations from Maj. Jerold Foehl, Camp Grayling Public Affairs Officer, who submitted the author's name for consideration.

## Joseph Stripe To Lead Milltown Parade

Joseph Stripe, retired superintendent of the Grayling Public Schools, has been chosen to be grand marshal of the Grayling Milltown Parade. This year's theme is "Sentimental Journey" and Joe was chosen as marshal because he represents an era of long-standing commitment to the schools and community. His almost forty years of school service in Grayling endears him to several generations of Grayling people as they think sentimentally of past school days.

When thinking about Joe Stripe and what he has done for the community, it is a "Sentimental Journey." Joe came to Grayling from the Upper Peninsula in 1936 to teach shop classes. My first recollection of him was 7th grade geography class and a 7th grade play which he directed. He was 26 years old and full of enthusiasm, a trait which he still retains, after all these years. Coming to Grayling 57 years ago makes him almost a native.

Joe was born in the year of Halley's comet, a fact of which he is very proud. He grew up in Ontonagon in the UP and as a high school student worked as a janitor in a church. Stoking a furnace in that cold climate must have been a full time job! He graduated from Ontonagon and went to college in Marquette where during those Depression years he worked his way through school by working in a bakery on Fridays and Saturdays, working in the college bookstore setting up rooms for dances and parties, and working at his rooming house for his room, all jobs being held for all four years.

Joe graduated from Northern Michigan College in 1932, and before coming to Grayling in 1936, worked in a lumber camp, taught adult

education classes for college credit, and taught for a year in a country school near Newberry.

Joe's enthusiasm carried him through those early years of teaching in Grayling, directing plays, and all of the other endless jobs that were bestowed on teachers in those "good old days," chaperoning dances, taking tickets, etc. and all without an extra cent of pay. In his first years here the teachers were single and Joe, as well as others of the men teachers roomed at Celia Granger's house on Chestnut Street.

In 1940, Joe's frequent visits to Rogers City to see a certain French teacher named Faith resulted in much good-natured ribbing from his favorite ninth-grade algebra class. Joe and Faith had met several years earlier while he was teaching adult classes in the UP. Needless to say, they were married June 16, 1940, and came to Grayling where they lived in a tent while constructing their home on Park Street, the same home in which they remain today after 50 years of marriage. To this union were born two daughters, Rhca and Catherine.

The Stripes left Grayling for one year when they went back to Marquette to care for her father who was ill and Joe taught in the high school there.

They were happy to return to Grayling.

Over the years, Joe advanced from teacher to principal and subsequently to superintendent of the Grayling Public Schools. His greatest pleasure was in his students, as a teacher, a principal, and superintendent. He ran the school in the best interests of the students. As superintendent he had to make many decisions, some of which he knew would be unpopular, but again, they were always made with the best interests of the students. Joe has the ability to laugh at himself and one of the stories that he likes to tell on himself is the one about calling off school for snow days, "on days when there would be a question of calling off school, Joe supposedly went up in his attic and if he couldn't see out the window, then he would call off school!"

Although his job consumed a great deal of his time, he found time for other community activities, especially all of the activities of the Grayling Kiwanis Club. Whenever there was a need for a volunteer to do something and Joe was available, he was there, another trait which he still retains today.

Before retiring as superin-

tendent, Joe was instrumental in having the new high school built, where the Joseph Stripe auditorium was dedicated to him. Upon reaching that goal he retired from the school system in 1973 and a big retirement party was held for him at the Polyhedron at the Grayling Winter Sports Park. Since that time he has still continued to support education and the community in numerous ways.

### Recycling Corner

By Carol Wakeley

"In our every deliberation, we must consider the impact of our decisions on the next seven generations."

This quotation is from the Great Law of the Haudenosaunee (Six Nations Iroquois Confederacy). This inspired the name for "Seventh Generation," a catalog that offers products you can use safely in the environment and steps you can take to save it. We should consider how the decisions we make today will affect future generations. Especially decisions concerning our environment. I, for one, would like to think that my grandchildren will have a safer earth to live on and raise their children. If everyone gave some of their time toward improving our planet, we would see immediate changes. The earth responds well to good care. The Seventh Generation catalog has dozens of do-gooders. To order a catalog call 1-800-456-1177.

I've taken on this project of trying to make people here in Grayling aware of the necessity for recycling. I may make mistakes at times in giving some information, but bear with me. The rules for recycling change as the centers are able to handle more materials, so if I make an error I'll certainly correct it.

I stated last week that the high density plastics are the ones that are most used for recycling. This usually means that you have to avoid the clear plastics. Most companies are now putting a numbering system on their plastics. The lower the number, the more dense it is. It will also read HDPE below the number. This stands for high density polyethylene. If you think or if you have been told that any type of plastic is acceptable, I would think again. Being that there are different grades of plastic, I would assume that some may release toxic emissions into the air while they are being boiled, smashed, or whatever process is used to prepare them for recycling. Also, the plastics that are not acceptable are just going to end up in a landfill somewhere, and that is what we are trying to get away from. If this is of serious concern to you, stick to the list that follows. It comes from an area that has excellent recycling facilities. We can benefit from their information.

#### Plastic containers that can be recycled.

Laundry Products: All, Bold 3, Cheer, Clorox Bleach, Clorox Pre-Wash, Dash, Downy, Dynamo, Era, Fab, Liquid Clorox 2, Liquid Shout, Purex, Snuggle, Solo, Spray-n-Wash, Spray-n-Starch, Surf, Tide, Vivid, Wisk, Woolite, and Yes.

Cleaning Products: Bo-Peep Ammonia, Cascade, Cling, Dow Cleaner, Drano, Fantastik, Formula 409, Glass Plus, Grease Relief, Ivory, Janitor in a Drum, Jet Dry, Joy, Lime Away, Liquid Plumber, Lysol Cleaner, Mr. Clean (Floor), Palmolive (Dishwasher), Pine Magic, Scrub Free, Sno Bowl, Soft Scrub, Sunlight, Tackle, Tilex, and Tough Act.

Beverages: Milk, Orange Juice, Distilled Water, and Lemon Juice.

Condiments: Mustard, Hershey Choc. Syrup, and Vinegar.

Automotive Product: Anti-Freeze and Windshield Washer Solvent.

Personal Care: Agree Shampoo and Conditioner, Brut Cologne, Currel Lotion, Flex Products, Halsa Conditioner, Head & Shoulders, Ivory Shampoo & Conditioner, Ivory Liquid Soap, Metamucil, and Mylanta Antacid, New Prell, Pantene, Pert Plus, Sassoon, Soft Sense, Vaseline Intensive Care, and White Rain.

#### Plastic Containers that cannot be recycled currently.

Laundry Products: Fresh Start.

Dairy: Yogurt, Cream Cheese, Sour Cream, Cottage Cheese, and Cool Whip.

Personal Care: Halsa Shampoo, Finesse Shampoo, and Johnson Baby Oil.

Miscellaneous: Toys, Microwave Dishes, Pop Can Rings, Hangers, Fast Food Salad Holders, and Laundry Baskets.

## Letters to the Editor

### Show Support For Nation's Symbol

Letter to the editor:

Last week, the commanders of all the local veteran groups met and discussed mutual affairs. We think we came up with a great idea.

The Supreme Court and the governing bodies have decided that extremists have the right to burn the flag. We, who served under the flag honor it and the Nation it represents. We feel flag burners

are missing the mark when they burn the symbol of the country that gives them the right to do it.

We ask all Grayling veterans and other citizens that believe as we do to wear a small flag pin on your collar, be it a sport shirt or dress shirt with tie, show where we stand on the matter.

Ken Eggert for the United  
Veterans of Grayling

### Good Feeling To See Another Flag Flying

Dear Editor:

I am pleased to tell you that Grayling has a new flagpole and flag. On Tuesday last, thirty staff members from Camp AuSable came to the home of Rex and Dar Townsend and their two sons at 301 Mikado.

This was a house warming event and a purse was given to them with the suggestion they secure new curtains for the home they recently purchased and have moved into. To demonstrate the patriotic spirit of the Seventh-day Adventists they also brought along a flagpole and flag. This was erected in front of the house

and the flag hoisted by son, Nathan.

Leading out in the event was Brenton and Joyce Bullock, manager and business manager of the camp with Dick and Dixie Scott, the assistant manager and wife. Rex is the camp cook and has lived here in Grayling for two years. His wife Dar is in charge of the Craft program at camp.

In an age when Old Glory is being desecrated by some, it is a good feeling to see our flag flying with honor in front of another residence in our town. God Bless America and all loyal Americans.

Harold Jewkes  
Camp AuSable Reporter

## Almanac

By Richard Milliman

### A little bit of freedom lost

IT IS LEGAL, the Supreme Court of the United States recently ruled, for police agencies to pull over motorists and question or examine them for no reason at all... not even a suspicion of wrong-doing.

Ruling in a Michigan case, the court majority found so-called sobriety check lanes are constitutional.

Lots of folks — including a majority of the Michigan legislature and the American Civil Liberties Union — don't think they are, or should be.

Michigan tried the check lane once, at the urging of Gov. James Blanchard. It was back in 1986; state police set up the roadblock near Saginaw at about midnight, and stopped 126 motorists. Of these, two were detained and one finally arrested.

But 126 motorists were stopped for no reason other than they happened to be driving at a particular time on a particular stretch of highway. There was no other reason — not their actions, not suspicions by police, not charges by someone else.

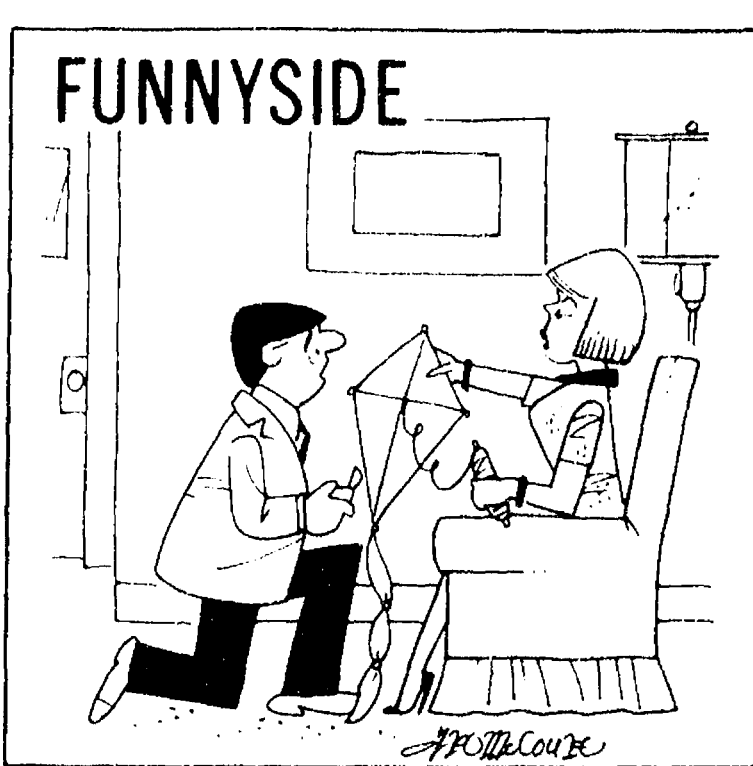

THE EVIL targeted by random highway stops is drunk driving, which is a popular thing to be against.

Chief Justice William Rehnquist, writing for the majority in the 6-3 decision, encouraged states to battle drunk driving.

"No one can seriously dispute the magnitude of the drunken driving problem or the states' interest in eradicating it. Conversely, the weight bearing on the other scale — the measure of the intrusion on motorists stopped briefly at sobriety checkpoints — is slight," Mr. Rehnquist wrote.

"The balance of the state's interest in preventing drunken driving, the extent to which this system can reasonably be said to advance that interest, and the degree of intrusion upon individual motorists who are briefly stopped, weighs in favor of the state program."

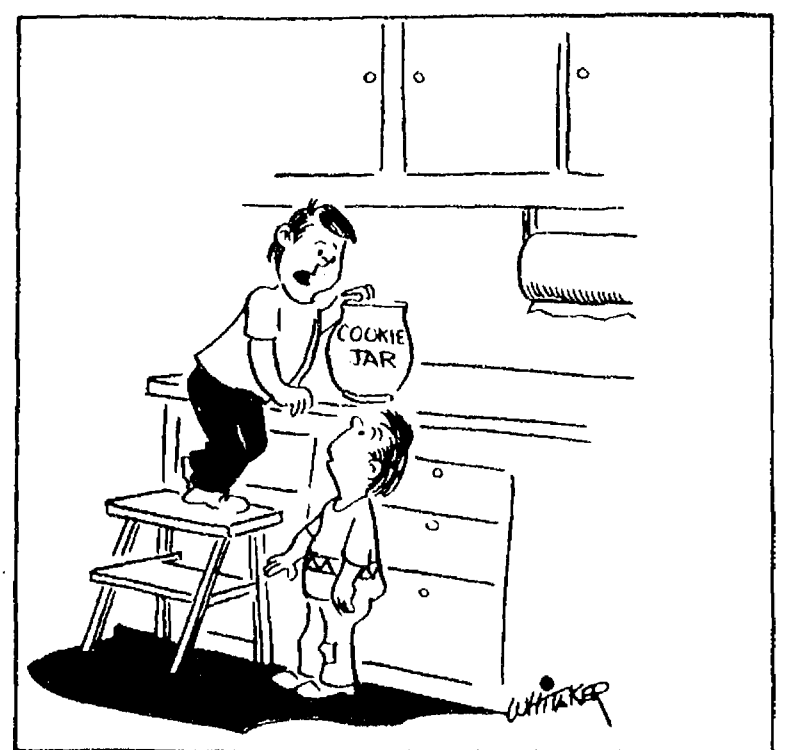

THIS LINE of reasoning sounds suspiciously close to

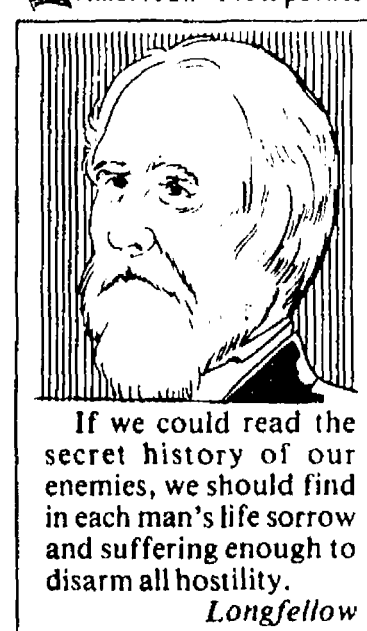

"A simple no would have been enough, Barbara."

"Let me know if this medicine works—I'm having the same trouble myself."

## Let's Talk About It

By Joe Murphy

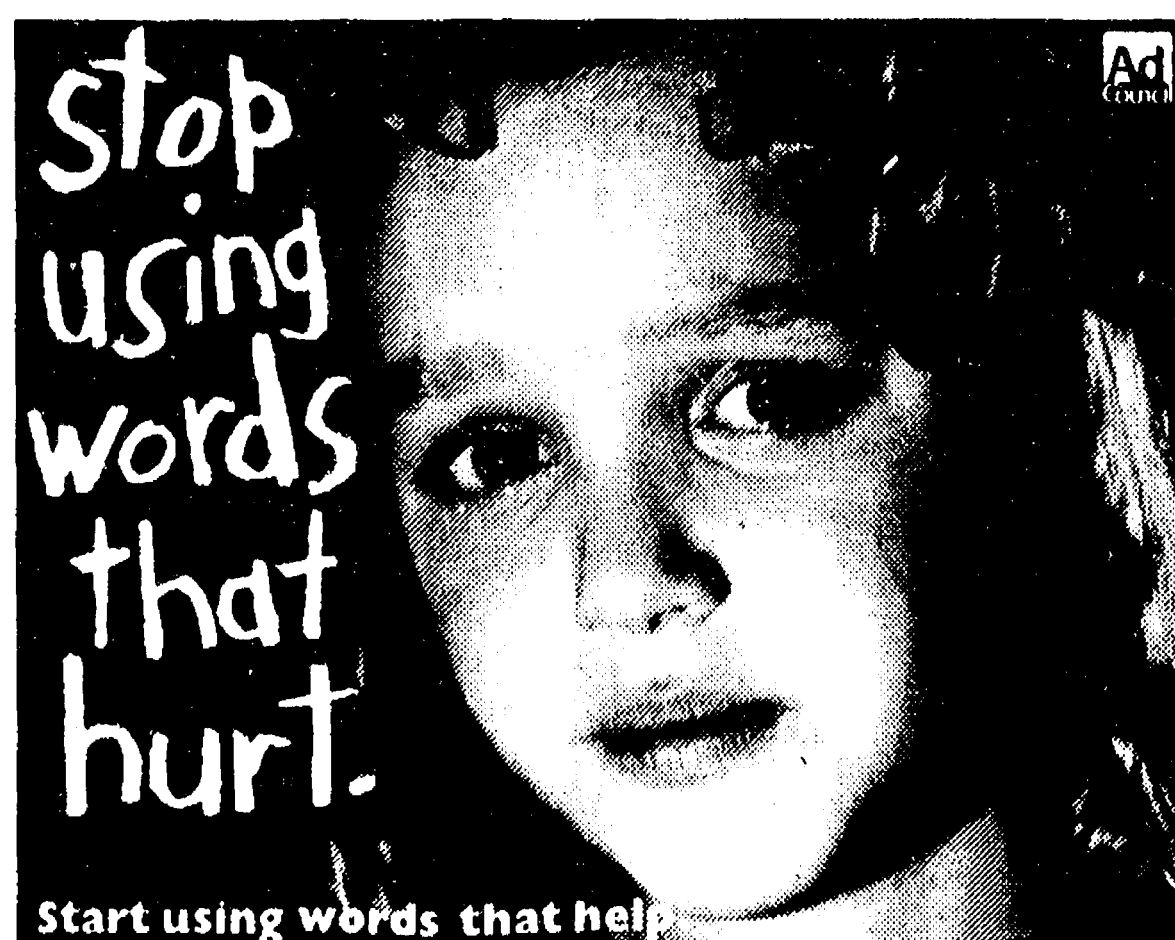

If an Indian who lived on the shores of Lake Huron wanted to visit a tribe on the shores of Lake Michigan, the AuSable and Manistee rivers were his highway. He could paddle up the AuSable to about where the dam is west of Grayling. From there about a mile and a half portage would put him in Portage Lake in the Danish Landing area. Paddling across the lake to Portage Creek which would soon take him to the Manistee for a down hill ride to Lake Michigan.

When Rasmus Hanson donated the land where Camp Grayling is located, the State decided to change the name of Portage Lake to Lake Margrethe in honor of Rasmus' wife Margrethe as a token of their appreciation.

Margrethe was born in Boto Paa Falster, Denmark, on the seventh of September 1845. As a young lady, when a brother who lived in this country returned for a visit she decided to come here with him. She found work in the Ludington area where she met an enterprising young lumberman, Rasmus Hanson. In 1867 they were married and moved to Grayling in 1878. She bore seven children, five of which reached adulthood. Rasmus and Margrethe had been married sixty years when he passed away on October 31, 1927. Margrethe continued to live in their large home on Peninsular Street until her death on September 17, 1946, at the age of 101 years. She was well known as a kind and generous lady who devoted much of her time in service to others. We can be very proud of beautiful Lake Margrethe and the great lady it was named for, who lived here 68 of her 101 years.

Now that the Grayling street program is nearing completion we can feel very proud. Not many cities of our size enjoy the fine streets we have here. A well deserved Thank You to Jerry Morford and the city council is in order. One other thing I would like to see is all new sidewalks in our fair city. Medical authorities advise to do a lot of walking but walking the sidewalks in Grayling is downright dangerous. A couple of years ago I caught my toe on an upthrust chunk piece of side walk and wound up with a broken nose and ribs. Another factor to be considered is the safety of our children. They tend to play in the road because the sidewalks are too rough to skate or ride their toys on. Let the city council know your feelings on the new sidewalk project.

Here it is the Fourth of July and I think you could count the really nice days we've had on your fingers. I can't remember a spring this wet and cold in my life. I've always felt after the Fourth things kind of slide downhill into fall and winter. Maybe this year summer will be some day in July.

## Guidelines For Milltown Festival Pet Show

The Milltown Festival Pet Show promises to be a fun event both for the participant and the spectator. If you are interested in entering your pet, or know of someone who might be interested, the following clip-out guidelines are for you. Have fun with it - we hope to see all of you on Saturday, July 28, at 1 p.m.

### Pet Show Guidelines and Suggestions

1. Your pet's shots should be up to date.
2. All kinds of animals are welcome.
3. Pets must be on a leash or contained as a safety precaution.
4. Pets and owners must dress in costume representing the country the pet's breed originated from. If you are unsure of your pet's origins be creative! How about coming as an immigrant, or pioneers, or Indians? The possibilities are endless.

5. Do not come more than a half hour before judging so your animal won't get too tired or hot. Never leave your pet unattended in the car.

6. All pets entering the contest are welcome to be the honored guests of Twin Maples Kennels to walk in the parade later in the day (parade begins at 3:00 p.m.).

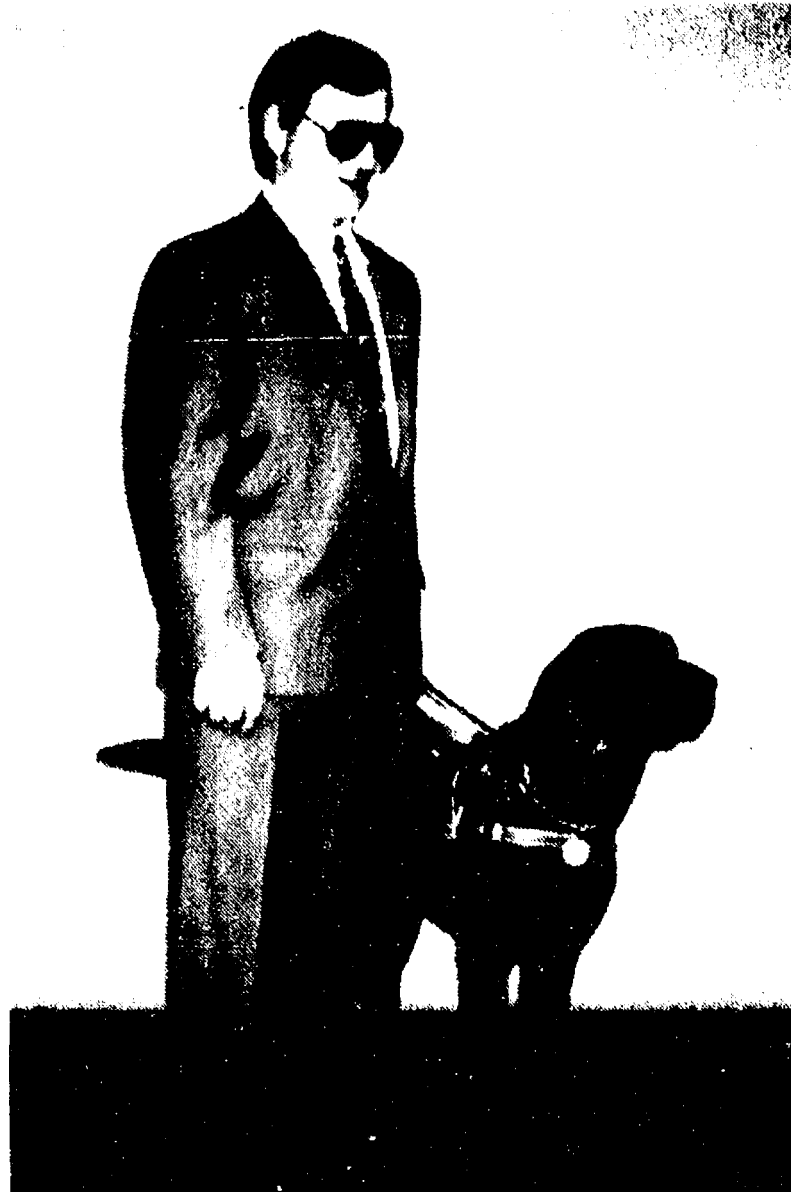

7. Judging will begin promptly at 1 p.m.

8. Prizes will be awarded at time of judging.

Judging will be based on the following categories:

1. Funniest.
2. Look alikes (pet and owner matching dress).
3. Most authentic costume.
4. Most original costume.

No pre-registration is necessary. If you have any questions, please call Linda Sprague at 348-7209. The Grayling Uptown District Association is sponsoring the pet show and other fun entertainment for Milltown Festival. Be watching your Avalanche for further information.

## National Guard Hosts

Continued from page 5

According to MAJ Terry McKenna, Range Officer of the air-to-ground range, the best route to the range is to exit I-75, (North or South) at Waters. Then travel east on Marlette Road, to the end of the pavement. Continue to follow signs one and one-half miles east to the range road. Civil Air Patrol members will direct parking.

McKenna encourages families to attend between the hours of 9 a.m. and 3 p.m. Bring a blanket or lawn chairs for seating. No admission will be charged.

For additional information call MAJ Foehl at (517) 348-3708.

## GHS Summer Hours Announced

## Keeping Healthy

### Easy on Oils and Butter

All oils and fats are equally high in calories, so see how little you can use. But when you do use fats and oils, remember that the higher the percentage of saturated fat, the worse the oil. Choose those high in polyunsaturated and monosaturated fats and low in saturated fat. The best oils are canola, safflower, sunflower and olive. And butter is one food that's loaded with saturated fat. Switch to a soft margarine, one that is made from unsaturated fat so that it gets very soft at room temperature. Substitute margarine for most of the butter in recipes and you can still continue to use small amounts of it as flavoring, to keep happy those who have developed a taste for the product.

# INTRODUCING HOMETOWN BANKING WHEN YOU'RE NOT HOME.

Old Kent has made banking even more convenient. Because now you can use any of 182 Old Kent offices statewide for your day-to-day banking just like you do our local branches right here at home.

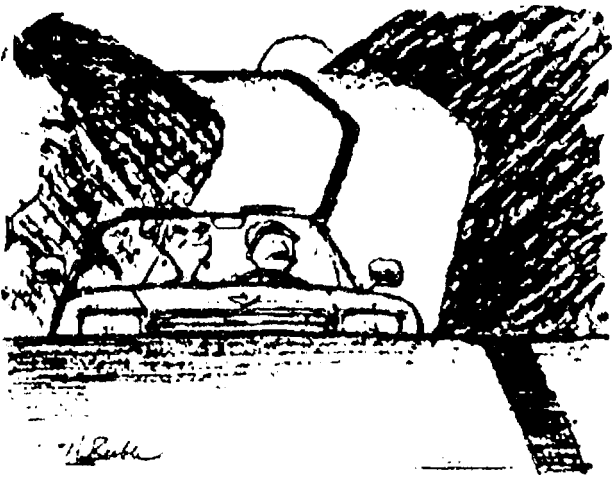

We're one of the first banks in Michigan to make this service available. It means when you're out of town, you can make a loan payment, a deposit or a withdrawal at any Old Kent office anywhere in the state.

And you'll still be able to do all your regular transactions at ActionBank24<sup>TM</sup> machines throughout Michigan, too.

So now when you're away on business or vacation, your hometown bank will still be right around the corner.

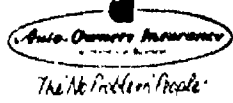

**OLD KENT**

Common Sense. Uncommon Service.™

The last thing you need when you're over 55, is a problem paying for your car insurance.

Age has its rewards... sometimes. It does with Auto Owners. They give good drivers age 55 or older a discount. So instead of raising your premiums or reducing your coverage you may pay a little less for your auto insurance. Auto Owners rewards maturity and a good driving record. Just ask your "no problem!" Auto Owners agent how he can save you money on your car insurance. When you hear the news, you'll be glad you've got a few years behind you.

## Health Education Reviewed July 10

The Crawford AuSable School District Board of Education will conduct a public meeting regarding the proposed district adoption of the Michigan Model for Comprehensive Health Education on Tuesday, July 10, at 7:30 p.m. in the Grayling Middle School cafeteria. Program materials will be available for review beginning at 7:00 with the presentation to begin at 7:30. A question and answer period will follow.

The Michigan Model for Comprehensive School Health Education creates a partnership between the home, schools, community groups and government to educate children about current health risks. This wellness program gives children the information

and skills they need to make healthy choices. The program was developed cooperatively between the Department of Public Health, Department of Education, Department of Mental Health, Department of Social Services, Department of State Police, Office of Health and Medical Affairs, Office of Highway Safety Planning, and Office of Substance Abuse Services.

The program is written for grades K-8 with instruction in ten areas: safety and first aid education, nutrition education, family health, consumer health, community health, growth and development, substance use and abuse, personal health practices, emotional and mental health, and disease prevention and control.

## Before You Dig...

make sure you know the location of any pipelines which might be in the vicinity.

Pipeline markers like these shown here tell you that there is a pipeline nearby. But since these markers indicate only approximate locations, you should call us to find the pipeline's exact location, route and depth.

Call us with your name, address, telephone number and the location of the excavation site.

We will send a company representative to your excavation site to locate the pipeline for you. Of course, there is no charge for this service.

## Minor League All-Star Game Scheduled For July 7

The Grayling Little League will have a Minor League All-Star game July 7th, at 2p.m. at Millikin Field. The game will feature players that will be moving up to the major league level next year. The major league coaches have been invited to watch the game in order to scout players for the 1991 draft. The game will feature players from the eight minor league teams.

The American League will have players from Glen's

Market, Holiday Inn, Mercy Hospital and Rotary Club. It will be coached by Tom Ritter, the Glen's Market coach, with Dan Bonamic, Rod Hinkle and Barry Hatfield assisting. The National League will be players from Davis Jewelry, Rochette's IGA, Little Caesars, and Knights of Columbus. It will be coached by Bud Morgan, the Davis Jewelry coach, with Brian Hulbert, Dave Nielsen, and Jeff Parkinson assisting.

During the game there will be a drawing for a "Huffy" Whitehawk, 10 speed, 24 inch, All terrain wheel bike, that was donated by the Grayling K-Mart. We would like to see a big crowd attending this game to give support to the youths that are participating. If you have never attended a little league game, this is the time to come out to Millikin Field on north Down River Road and get in on the excitement.

### Grayling Little League

A no hit ball game was the highlight of the week, as Chip Waite, pitched McDonalds to an 8 and 0 victory over Mac's Drugs Wednesday night at Millikin Field. Only one runner reached base, as Chip struck out 17 batters. The other out was recorded on a fly out to left fielder Mo Harwood in the first inning. Davis Jewelry remained unbeaten in the Minor League stretching their win streak to seven.

## Local ABWA Members Co-Host Regional Convention

**ABWA LEADERS**--Local ABWA members talked about the steps to success at the convention held at the Grand Traverse Resort.

Leadership development, financial fitness, creating commitment, and living well in the 90's were among the topics presented during seminars at the American Business Women's Association regional convention held recently at the Grand Traverse Resort in Traverse City. The convention was hosted by the Houghton Lake Charter Chapter, and co-hosted by the Grayling Charter Chapter.

ABWA members enjoyed tours to Mackinaw Island, the Leland Shopping area, and a cultural excursion; and attended a theater presentation, "Picnic", at the Old Town Playhouse. The seminars, banquets, and theme parties, including a 50's sock hop, provided education, enjoyment, and networking for all ABWA members.

### Pot Check

Check your pots and pans by placing a straight edge across the bottom. If they're not flat, they do not make good contact with the burner rings. Over a period of time this can warp the element or cause it to overheat and shorten its service life. Concave bottom pans or oversized pots trap heat and will discolor the chrome/plating rings.

## Doodles from the Tall Timber

By Wendall L. Hoover

Needless to say nature does not provide the members of the animal kingdom with bathtubs, soap or combs, so they must manage with what they have. For example, bobcats clean themselves and their young in much the same way that your family cat does.

Bats also clean themselves with their tongue, but places like the inside of the ear are cleaned with a saliva moistened wing thumb. The bat pays special attention to its wings to keep them soft and clean and uses its tongue to massage each joint of its wing hands every day.

Birds aren't the only creatures to take dust baths, rabbits and squirrels look for spots where the soil is powdery dry, then it lies down, rolls, kicks its legs, pulls itself in circles then finishes with a good shake. The dust bath helps to clog the breathing holes of any attached parasites causing them to drop off the animal.

Birds such as grouse and

turkeys also take dust baths and some birds never bathe in water at all. The bird scratches the dirt until it is loose then lies down and throws the powdery dirt all over its body and wings. With its feathers held loosely open the dirt can penetrate all the way to the skin to reach any parasites. When the bird shakes after its dust bath, many of the parasites drop off.

Even ants take baths by licking themselves every few minutes with an oily saliva which cleans and oils their body. Because an ant's antennae is very sensitive, they must keep them clean also. The ant will lift a front leg over the antennae and pulls through a special brush which grows at its wrist. The brush is then pulled through the ant's mouth to remove any dirt.

Even fish have trouble with parasites and to try to remove them, the fish may roll to the side and rub against a plant or rock.

## Resource Review

By Bruce Patrick,  
Conservation Officer

Michigan will again be having a fall wild turkey hunting season in 1990, in an effort to reduce the size of the flock in some areas. Several counties throughout the state will be open under permit for this hunt. October 8 is the opening day in all areas with subsequent seasons beginning on October 15 and 24. One area, in Allegan County, has a single season running from October 8 to December 31.

The general rules for the fall turkey hunt are somewhat less restrictive than those for the spring season. Shooting hours will be from local sunrise to local sunset, with the

limit being one turkey of either sex. In some areas (Allegan and Iron Mountain) additional validation tags will be issued.

Shotguns with birdshot only and bow and arrows will be allowed. Possession of a rifle, pistol, slugs or buckshot is unlawful as are electronic recordings and live decoys.

This fall hunt is an excellent way to supplement your outdoor experience. Department of Natural Resources (DNR) offices and most license agents should have additional information.

The application deadline is August 1, 1990.

### WAVE ON OLD GLORY

Look up, Old Glory is waving proudly  
At the folks that gather to honor it today  
All over this great land of freedom  
Old Glory is greeting folks that way

For two hundred and fourteen years  
Old Glory has waved proud and high  
It's a sight to stir the soul of man  
Instilled the will to fight and die

To keep it flying high has not been easy  
It has taken a lot of blood, sweat, and tears  
Many brave men have paid the supreme price  
To protect it over the years

It has been a beacon drawing folks  
Who were longing to breathe free  
Who left every thing behind  
On Old Glory's promise of liberty

We may grouse about our government and taxes  
But Old Glory should bear no shame  
We elect those men in power  
And we have only ourselves to blame

May Old Glory continue to fly proud and high  
Offering hope to the oppressed  
May those who died to protect it  
Find peaceful, eternal rest

## Camp AuSable Hosts Families

This is Family Camp week at Camp AuSable. Fathers, mothers, sons, daughters, and even grandparents are there. They live in cabins and some have brought their own rigs. Every cabin is full.

The schedule for each day during the week includes a period for family worship and camp council. Children under eight years of age are supervised by counselors while their parents are attending classes.

Families may be together in certain projects or classes such as nature study or waterfront activity. One afternoon was reserved for a canoe trip down the AuSable river. They launch their canoes on Lake Shellenbarger, enter the

stream that flows under highway 72 and continue on into the river. They exit at Burton's landing. A camp bus is used to bring the canoes back to camp.

The 4th of July was celebrated with a display of fireworks under the direction of Dick Scott, the assistant camp manager. Helping him were Chip Wutke and his brother Fritz.

On Tuesday, those interested in birding took the early morning tour to see the Kirtland Warbler that nests only in this area. This bird is particular and prefers the Jack Pine east of Grayling for his habitat.

Next week Camp AuSable will host specialty groups—Senior citizens, Aquatics, horsemanship, minitrail, and gymnastics.

## The Bible Speaks

From Calvary Baptist Church

### I John 2:26-29 Part #10 Deception of antichrists

Antichrists are not honest and straightforward in their tactics, they are deceivers. "These things have I written unto you concerning them that seduce you." (1 John 2:26). Just as sexual deception results in robbing one of moral virtue, even so, spiritual seduction results in robbing one of the spiritual virtue of truth.

Only by relying upon the Holy Spirit and the Holy Scriptures can one hope to avoid the deception of antichrists. "But the anointing which ye have received of him abideth in you, and ye need not that any man teach you; but as the same anointing teacheth you of all things, and is truth, and is no lie, and even as it hath taught you, ye shall abide in

him." (1 John 2:27). This is why I repeatedly say from the pulpit, and repeat in this column, "Don't listen to Pastor Barnett, listen to the Holy Spirit speaking through the Holy Scriptures." All popes, priests, and preachers are just men. No human being speaks 100% truth all the time. The Holy Scriptures are the only objective source of absolute, infallible authority available to mankind today. In the English speaking world this is the 1611 King James Bible. "Which things also we speak, not in the words which man's wisdom teacheth, but which the Holy Ghost teacheth; comparing spiritual things with spiritual." (1 Cor. 2:13).

The abiding Holy Spirit through the abiding Holy Scriptures enables us to be abiding Christians. "Let that therefore abide in you, which ye have heard from the begin-

ning. If that which ye have heard from the beginning shall remain in you, ye also shall continue in the Son, and in the Father." (1 John 2:24). "And now, little children, abide in him; that, when he shall appear, we may have confidence, and not be ashamed before him at his coming." (1 John 2:28). The words of God's Holy Scriptures make us either confident or ashamed in this evil world system. Jesus said, "Whosoever therefore shall be ashamed of me and of my words in this adulterous and sinful generation; of him also shall the Son of man be ashamed, when he cometh in the glory of his Father with the holy angels." (Mark 8:38).

When we abide in Christ and His words and spirit abide in us, we develop an abiding character which is evident by righteous living. "If ye know that he is righteous, ye know

that every one that doeth righteousness is born of him." (1 John 2:29). Jesus said, "Ye shall know them by their fruits." (Matt. 7:16a). The sure way to maintain such character is to resist the efforts of all men to lead you astray from the Holy Spirit and the Bible. (Hear "The Bible Speaks" at 12:15 p.m. Tuesday on WQON 100 FM).

### Cast Aside Your Burden

Many of us become incapacitated by the trauma of living. We may feel that we are no longer in control of our daily lives. We cannot handle it alone. Desperately, we grope for a crutch... anything to give us the temporary strength to survive from one day to the next... even from one hour to the next.

Despondent and hopeless, some turn to alcohol or other drugs. Yet, we must understand that as a set of crutches does not heal a wounded body, drugs do not heal a wounded spirit. Our crutch will ultimately become our burden.

Do you need a spiritual healing? **THROW AWAY YOUR CRUTCHES!!!**

Learn a fresh approach for coping with stress in your life. Look to God as your permanent source of strength. "God is our refuge and strength..." (Psalms 46:1) Let His strength lift you up. Seek God in His house this week.

## WHY YOU MAY NEED AN APPRAISAL AND AN APPRAISER

- As a result of fires, vandalism or other  
casualties, the loss you have may be deductible on  
your federal income tax return.  
You can deduct the part of the loss not covered by  
insurance reimbursement.  
To take a deduction for a casualty or theft loss, you  
must be able to support the amount you take as a  
deduction.  
To determine your deduction for a casualty loss,  
you must first figure your loss, and then figure any  
limits on the amount of loss you may deduct. The  
difference between the fair market value of the  
personal property immediately before a casualty and  
immediately afterwards should be determined by a  
competent appraiser.  
The appraiser should be reliable and experienced.  
Several factors are important in evaluating the  
accuracy of an appraisal:  
• The appraiser's method of appraisal.  
• The appraiser's knowledge of conditions in the  
area of the casualty.  
• The appraiser's familiarity with your property.  
• The appraiser's knowledge of sales of  
comparable property.  
2. To determine replacement value for insurance  
claims.  
3. To update insurance policies. Do you have  
adequate coverage or did you take a wild guess at the  
total value of your personal property contents?

# Former Frederic Residents Celebrate 75th Anniversary

Long lives and lasting love run in the Sanders family.

Ruth Sanders, 91, and her husband Ezra, 94, are celebrating their 75th wedding anniversary with an open house on July 8 in Burr Oak, Mich.

Married when they were 16 and 18-years-old, the two have known each other all their lives. They met as school children and when they grew older they went to dances together. On July 3, 1915, they were married.

This year is unique for the Sanders because it is not only their anniversary, but the first year of the new decade also marks two of their children's 50th wedding anniversaries—Fay and Mary Mathew, Burr Oak, and Omer and Ruby Sanders, Vicksburg and a grandchild's 30th anniversary—Peter and Jerry Mathews, Mendon.

The Sanders have seven children, 21 grandchildren, and almost a hundred great-grandchildren and unknown numbers of great-great-grandchildren.

Ruth remembers her 25th and 50th anniversaries as being highlights in her marriage.

The depression was hard on the Sanders family, but they moved to their father's farm in Battle Creek where Ezra Sanders found work through a depression era program. Sanders also worked as a mill operator in East Gilliam.

The family moved about for several years, living in Kalamazoo and in Frederic, Mich. where they owned and operated a motel. They retired and returned to Kalamazoo, moving to Burr Oak three and a half years ago.

When asked how they made it together for so long, Ruby Sanders replied, "When we get mad at each other we get together and talk it out."

"Getting angry with each other is something that still happens even after 75 years", said daughter, Mary Mathews. "They still keep us up at night arguing."

## Vacation Bible School Starting

The Vacation Bible School held at the 1st Baptist Church in Frederic will begin 10-11:30 a.m. Monday to Friday, July 9-13. There will also be a Friday night program. The school is open to children kindergarten to 6th grade (as of last year). For more information call 348-8126.

Ezra and Ruth Sanders

**50TH ANNIVERSARY**--In celebration of 50 years of marriage, Ray and Violet Kehr will reaffirm their marriage vows on July 7, 1990, at the Free Methodist Church of Grayling at 2 p.m. An open house will follow at the American Legion, 3-5 p.m., hosted by their seven children. No gifts please.

**ENGAGEMENT**--Mr. and Mrs. George Rosin, of Frederic are pleased to announce the engagement of their daughter Stacey Michelle to John Christopher, son of Mr. and Mrs. John Gay, of Grayling. An August 4, 1990, wedding is being planned.

# Stancil, McIsaac Given Top Rotary Awards

The Grayling Rotary Club at a recent meeting awarded its top honor to two of its long standing members who have made an outstanding contribution to the club fund raising activities and to the community.

George Stancil and Irv McIsaac were handed the Paul Harris Fellow medal and citation as a token of appreciation from their associated club members. Stancil was lauded for his work in the community as a fund raiser for many good causes. It was also noted that he has served faithfully on school related millage and bond issue committees.

McIsaac has served in an outstanding fashion in the Grayling Youth Booster Club as well as in the Rotary Club.

It should be noted that he has served as an end man for the local Minstrel Show for many years. He has also been the brains behind the club's participation each year in the Milltown Parade. The various roles that club members take in the parade are always applauded by parade watchers.

The Paul Harris Fellow awards can only be named for an individual by donating \$1,000 to the Health and Human Services branch of Rotary International. That money is earmarked to immunize the entire world's population against polio.

Club President Joe Newman pointed out that the money sent to the international office was raised from the members themselves and no public fund raised dollars were invested in the top honor.

The club combined the medal award with a social dinner meeting at the Chiel Shoppenagon's Motor Hotel which included spouses and guests. During the meeting recently inducted Grayling Rotary members were introduced.
